Mr. Mohammad Abuelezz Amazon
Dear Mr. Abuelezz,
Thank you for the opportunity to apply for the Software Engineer role at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations. I am a focused college student (3.1 GPA, Bachelor of Science in Computer Science) currently attending Princess Sumaya University for Technology. During the course of my academic career, I also managed to accrue nearly 4 months of work experience. I had the privilege of working for Amazon.com in a software development engineer role in my free time, where I learned valuable professional skills such as advanced technology, imaging technology and real time data. In both my academic and professional life, I have been consistently praised as detail-oriented by my professors and peers. Whether working on academic, extracurricular, or professional projects, I apply proven problem-solving, teamwork and research skills, which I hope to leverage into the Software Engineer role at your company.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me at (078) 111-0556 or via email at abuamaramstudy@gmail.com to arrange for a convenient meeting time.
Thank you for your consideration, and I look forward to hearing from you soon.

Sincerely,
Mohammad Abu-Amara
